CROSSLANDS RESIDENTS ASSOCIATION

FROM THE CRA PRESIDENT

It seems appropriate to describe my experience as CRA president as that of a traveler on a yearlong journey. Travelers, according to Daniel Boorstin, are those who seek adventure in unfamiliar territory, unlike tourists who go sightseeing with the expectation that they are involved in a spectator sport full of "contrived prefabricated experiences."*

Unplanned experiences are the traveler's norm, something I learned in previous years of living in India and the Middle East. It is true that the Crosslands Residents Association was mostly unfamiliar territory for me except for one year as secretary.

Who knew that so many high level staff positions would open up at Crosslands and that I would be asked to sit in on interviews for replacements? Who knew that so much time would be required to seek new leadership for several of our standing committees, or that solicitation and other letters were to be written? Even writing monthly for the Chronicle wasn't in the plan a year ago. I did expect to chair the monthly CRA and Executive Committee meetings, and attend KCC Board meetings, but I am especially pleased that the Board found our occasional luncheon gatherings helpful, and also supported my idea to introduce lesser known members of our Crosslands staff each month.

Given a choice I think I would choose a journey full of surprises and unknowables rather than one which was totally predictable. I thank all those residents and members of the staff who have made this journey so interesting, and I gladly pass on the opportunity to others.

DID YOU KNOW THAT...

- —a new book in the library, "Lafayette in the Somewhat United States," devotes many pages to Chadds Ford, Quakers, Brandywine Battlefield Park and Brandywine Friends Meeting House?
- —the author. Sarah Vowell, even mentions Nancy Webster, a local guide, and she visits Brandywine River Museum, mentioning "the subtle hills that framed Andrew Wyeth's compositions?"
- —as you return from visiting in Firbank East there is on the wall a beautiful 12-piece coffee service of 1905, given to Marion Schroeder on her 23rd birthday in 1954 by her grandmother?

MUSIC COMMITTEE

Atlantic Trio
Kate Ransom, Violin
Lawrence Stomberg, Cello
Anthony Sirianni, Piano
Sun., June 12—Wm. Penn Room—3:00 p.m.

Two members of the Serafin String Quartet – Kate Ransom and Lawrence Stomberg – will return in June to present an afternoon of music for trio. They will be joined by Anthony Sirianni on the piano. Ransom and Stomberg serve on the faculty of the University of Delaware and have appeared as soloists or chamber musicians throughout North America and Europe.

Kate Ransom earned degrees from the Yale School of Music and University of Michigan School of Music and pursued post-graduate chamber music studies at the Juilliard School. She frequently collaborates with other artists and has presented concerts throughout the United States, Canada and Europe.

Lawrence Stomberg enjoys a wideranging career as soloist, orchestral and chamber musician and teacher. He received his bachelor's degree in music from Rice University and master's and doctoral degrees in musical arts from Stony Brook University. His New York recital debut at Carnegie Hall's Weill Recital Hall was hailed in Strings magazine for its "style and elegance" and "lyrical expressiveness."

Anthony Sirianni has performed throughout North America, Europe and South Africa as soloist, accompanist and chamber musician. He currently resides in West Palm Beach, Florida.

Relay for Life—2016

Relay for Life will be held on Friday, June 3, 2016 beginning at 6 p.m. at Unionville High School and will go through Saturday, June 4^tat 8 a.m. The Relay is a time and place where people come together to celebrate those who have survived cancer, remember those lost, and fight back against a disease that touches so many lives. In addition to sponsoring a team for the event, KCC is a Gold corporate sponsor for the Relay this year. Please come to the Relay for Life in support of the Kendal~Crosslands team. We will have a tent with snacks and refreshments. Even if you do not wish to walk the track, please come socialize and show your support under the tent even if it is for just an hour. If you missed the sign ups in the beginning of May and still want to come you can sign up by contacting Nicole Schlosser at Crosslands at (610)388-5682 or Pat Tuel at Kendal at Longwood at (610)388-5619.

We hope to see you there!

CAMERA CLUB

Perspectives from a Writer-Photographer June 10—Wm. Penn Room—7:30 p.m. Speaker: A. J. Weber

A.J. Weber's home is in Kennett Square. His work as a photographer began in his first year of college. He is now a student of the University of Pittsburgh's writing program. He sees a strong relationship between photography and writing. A. J. says, "My background as a writer has played a large role in my work as a photographer. When it comes to writing, it's about communicating aspects of yourself to the reader in the form of characters or underlying concepts. Taking photos and creating images are exactly the same. And for the "mysteries of life: what better way to make sense of our lives than through the words we write and the photographs we frame?"

Lowell McMullin

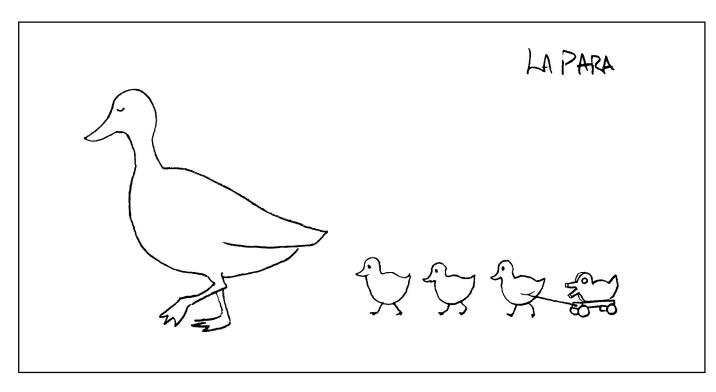

IN THE GALLERY

Artist, Freda L. Reiter, 1919—1986 June 9—July 7

Philadelphia courtroom sketch artist, Freda L. Reiter, recognized for her photographic memory and great drawing skill, studied at Moore College of Art, the Pennsylvania Academy of Fine Art and with the Mexican artist. Diego Rivera. She was hired by the Philadelphia Inquirer and covered, among others, the Silver Abortion Case in 1949 and the Ethel Kravitz Murder trial in the '50s. Seeing courtroom sketches on TV, Freda took her portfolio to ABC in 1966 and was immediately hired as their international news sketch and court-room artist in the days when cameras were not allowed in courtrooms. Freda was arguably the best of the courtroom artists and political portraitists of her time. She covered the Pattv Hearst Trial, the John Hinkley Trial, the Chicago Seven, Watergate, et. al. She won an Emmy for her portrayal of the Iran Hostage negotiations in Paris. Roger and Naomi Parish, who have a large collection of Freda's pastel drawings, are generously making this exhibit possible.

PLEASE NOTE: Crosslands Artists sign-up sheet for the Residents' Art Exhibit in July—August is posted. Please participate.

MOVIE COMMITTEE

Sat., June 4—Wm. Penn Room—7:15 p.m. Suffragette

This 2015 drama is set in early 20th-century Britain where the growing suffragette movement forever changes the life of working wife and mother Maud Watts (Carey Mulligan). Galvanized by political activist Emmeline Pankhurst (Meryl Streep), Watts joins a diverse group of women who fight for equality and the right to vote. The story of her fight for dignity is gripping, heart breaking, and inspirational.

Sharon Sundial

Thurs., June 9—Wm. Penn Room 7:15 p.m. Touch the Sound

Director Thomas Riedelsheimer's exquisite Touch the Sound is nominally a portrait of the Scottish musician known as "the first full-time solo percussionist." Glennie is certainly a fascinating subject. Profoundly deaf since childhood, she disdains the use of hearing aids and sign language, relying instead on lip reading and, more crucially, on the use of all of her senses, especially touch, "hear" with her entire body. Riedelsheimer, who was also the film's editor and cinematographer, has a broader agenda here--namely, to intensify our awareness of the sounds that surround us everywhere, in every moment. From the streets of New York to the beaches of Santa Cruz, from the rocky Scottish coastline to a tranquil Japanese rock garden, he links heightened audio, as clear and natural as the best ECM recordings, to a succession of gorgeous visual images to create a balance of complex detail and overall sparseness, resulting in a kind of Zen feast making Touch the Sound easily one of the most rewarding documentaries in recent years.

Dave Peacefull

Sat., June 18—Wm. Penn Room—7:15 p.m. Spotlight

Spotlight tells the riveting true story of the Pulitzer Prize-winning Boston Globe investigation that would rock the city and cause a crisis in one of the world's oldest and most trusted institutions. When the newspaper's tenacious "Spotlight" team of reporters delves into allegations of abuse in the Catholic Church, their year-long investigation uncovers a decades-long cover-up at the highest levels of Boston's religious, legal, and government establishment, touching off a wave of revelations around the world. The film was awarded the Oscar for Best Picture of 2015.

Sharon Sundial

Sat., Aug. 6—Wm Penn Room—7:15 p.m. Brooklyn

Brooklyn is the profoundly moving story of Eilis Lacey, a young Irish immigrant navigating her way through 1950s Brooklyn. Lured by the promise of America, Eilis departs Ireland and the comfort of her mother's home for the shores of New York City. The initial shackles of homesickness quickly diminish as a fresh romance sweeps Eilis into the intoxicating charm of love. But soon, her new vivacity is disrupted by her past, and Eilis must choose between two countries and the lives that exist within each.

CLIMATE CHANGE

When Richard Whiteford made his March 22 climate change presentation at Crosslands, he offered to ease the way for a Crosslands group to visit the United Nations on April 26 and attend a special conference on climate change. We accepted this offer immediately and chartered a bus to attend as a cosponsored **Energy** and **Trips Committee** project.

The conference was organized by World Information Transfer, a not-for-profit organization, to highlight to the UN the importance of global warming and its expected damaging effects. Since this is the 30th Anniversary of the Chernobyl disaster, it was also co-sponsored by Ukraine, Belarus, Czech Republic, Germany, Japan and Lithuania missions to the UN.

Our prime interest was the keynote address given by Dr. Jim Hansen, Director, Program on Climate Studies at Columbia University and former Director of the NASA Goddard Institute for Space Studies, entitled "Energy and Climate Change: How Can Justice Be Achieved for Young People?" He listed the practically irreversible effects of sea level rise and species extermination, and then the other impacts: stronger heat waves, drought, and fires in some areas, and heavier rainfall, more extreme floods and stronger storms in other areas.

Dr. Hansen stated that the fundamental barrier to solving the climate problem is the appearance to consumers that fossil fuels are the cheapest energy source, because the price we pay does not include the cost to society of the human health and environmental impacts of burning them. He argued for adding a carbon fee or tax to fossil fuels which would be paid where the fuel is produced or at port-of-entry.

Dr. Hansen made it clear that all developed countries, including the US, have a strong moral responsibility to reduce the environmental problem we have caused, including reducing our own usage and aiding the developing nations.

Our bus got us back in time to vote in the Primaries, and we are sure to hear more about this important environmental issue!

GREAT DECISIONS

The United Nations
Mon. June 20—George Fox Room
9:45 a.m.

Moderator: Sharon Sundial

On the eve of the international organization's 70th birthday, the United Nations stands at a crossroads. This year marks a halfway point in the organization's global effort to eradicate poverty, hunger and discrimination, as well as ensure justice and dignity for all peoples. But as the UN's 193 member states look back at the success of the millennium development goals, they also must assess their needs for its sustainable development goals — a new series of benchmarks, which are set to expire in 2030. With the appointment of the ninth secretarygeneral in the near future as well, the next UN leader is bound to have quite a lot on his or her plate going into office. Come and share your thoughts on this important topic. A briefing book is available on the magazine rack in the library.

Chuck Gosselink

The Architecture of St. Petersburg
Thurs., June 2—Wm. Penn Room
7:15 p.m.

Speaker: Kendal Resident Jim Curtis

Peter the Great founded the city named after him on the banks of the Neva in 1703, and Russia has never been the same. This great city, which has been variously known as St. Petersburg, Petrograd and Leningrad is now St. Petersburg. It has much in common with Washington, DC. Both cities were built in swampy areas, both were designed by French urban planners who created broad avenues with stately government buildings.

Although the predominant style of St. Petersburg can be described as Neo-classicism, the city also includes buildings in the Art Nouveau and Neo-Russian styles. This richly illustrated lecture concludes with drawings of future construction projects.

Jim Curtis was Professor of Russian at the University of Missouri-Columbia for 31 vears.

NATURE CONSERVANCY HIKE Auburn Heights Preserve Wed., June 8, 8:30 a.m.

The Auburn Heights Preserve is about a 20 minute drive down Route 82, just over the Delaware line.

There are three walks: a paved 1.2 mile loop that goes upppp and downnn; at the top of the hill we can branch off on a down trail (which will mean back up) into some woods and near the Red Clay Creek; and one we can easily do, about 0.5 miles along an old trolley track right near the car park.

Since it's a State Park, there's a fee-to-park of \$4.00 per Delaware registered car and \$8.00 per out-of-state car. We'll probably be in the latter category.

Anyway, it's a lovely place and will be a nice hike.

FIRE SAFETY: NEW CROSSLANDS EMERGENCY EVACUATION PLAN

G.O.N.E

Get Out Now Everyone is the NEW Crosslands Emergency Evacuation Plan.

WALKWAY SAFETY Walkways Are For Walking

At this time of the year, many residents like to bring out chairs and tables to sit and enjoy the outdoors often on the walkways in front of their apartments.

The Safety Committee would like to remind you that the walkways must be unobstructed to a minimum of 36 inches from the outside edge in order to allow pedestrians, walkers, scooters, cleaning carts and emergency personnel equipment to get through. In corner areas, more room should be allowed for maneuvering.

Please check to make sure that you are leaving room for your neighbors and yourself - share the space safely.

Summer Solstice Gathering Mon., June 20—4:30 to 5:15 p.m. Meet under the tree near the putting green

Crosslanders of ALL faith traditions are invited to join neighbors to honor this time of longest light, welcoming the beginning of summer in the northern hemisphere. Bring a related thought, reading, or poem to share if you like. Inclusion of musical instruments will enhance our connection with the earth and each other. We will also be honoring the Earth's Four Directions--a Native American tradition.

In case of rain, meet in the Lobby. A dry interior space will be located.

SELF-GUIDED TOUR OF RESIDENTS' GARDENS

Sat., June 25, 11:00 a.m. to 4:00 p.m.

Last year's tour of residents' gardens was a great success. Don't miss it this year. Pick up a map in Penny's Garden Lounge from 11 until noon on June 25, or later from the shelf under the Horticulture Committee notice board.

Rain? Take yourself to the gardens any time during the week June 25 to July 2.

Would you be willing to include your garden this year? No need to stay at home unless you want to be there to talk to visitors. If YES, please sign the list under the Horticulture Committee notice board.
