New Vehicle I.D. Hanger needed: Yes No

To: Automobile Owners

From: Maintenance Center

To register your automobile & receive a parking permit (green rearview mirror hangers) please complete the above form. One form should be completed for each vehicle you have and return the form(s) to the Maintenance Office via the reception desk at Kendal or Crosslands. Additional blank forms will be left at the reception desk if needed.

When you sell your car, purchase a new one, no longer drive a vehicle or your registration changes due to moving from another state, please contact the Maintenance office with your new vehicle information and current parking permit hanger number. Your current parking permit hanger can be transferred to your new vehicle once the new information has been received. Remove the hanger from your old vehicle and place it on the backside of your rearview mirror. If you have given up your vehicle, please return the parking permit hanger to the Maintenance office.

Many thanks.
