

Deer Hunt Season Opens

9/21 update: Trails will be open for resident use at 9:30am so that hikers may get an earlier start than previously stated.

Deer season opens on Saturday, September 18, in all four KCC communities. It ends January 29, 2022.

For all properties, including Kendal at Longwood, Crosslands, Cartmel and Coniston; starting Saturday, September 18 trails are open from 9:30 am-2:30 pm. We have stopped hunting on Sundays and Mondays so that residents in all 4 KCC communities can enjoy the trails longer. Feel free to walk the trails and natural areas both Sundays and Mondays.

- Please do not use the trails during the active hunt times (before 9:30am and after 2:30pm Tuesday-Saturday), but if you must go into the hunt areas, please stay on the trails and wear bright colors.
- ALL pets must be leashed. This is very important for the success of a hunt.
- Trailheads will be posted to remind hikers of the active hunting.
- All hunters will be screened daily before their activities and will wear a mask.
- Hunting at Kendal, Crosslands and Cartmel will be archery only.

If you have any questions or concerns about KCC's Deer Management Program, please call: Casey Groff, KCC Grounds, 610-388-5558

Example of a crossbow, intimidating but highly accurate
