**Accomplishments:**

- The Chronicle Staff publishes the 12-14 page newspaper monthly from September through June and distributes it by email to all Crosslands residents, and to such staff and residents of other communities who may desire a copy. We are indebted to the Administration (Nancy Regenye, in particular) that prints and distributes paper copies for those without email (and whoever wants a hard copy) and sends out the Chronicle to individuals on the Crosslands "wait list".
- We encourage residents to recommend ideas for articles that may interest residents, and during this year we have added several interested residents to our staff.
- Since the Kendal newspaper has ceased publication, the Chronicle is the only newspaper currently available to serve our four communities and the "outside world".
