How many Crosslands residents benefit from this committee's activities? How often?

All residents benefit! Many residents (other than the staff) contribute to this publication. The Crosslands Chronicle is published monthly (except for July and August).

Occasionally, an extra edition is published for special events, such as Crosslands anniversaries. It is sent to all residents and people on the ready list by email. If requested,

printed copies are also distributed. Printing is done by the Marketing Department (at their cost).

Accomplishments:

- Our budget is about 30\$ per year and is used largely for paper and ink supplies for the editors and formatting staff.
